NSS Activity: World Vigilance Day Celebration

Date: January 25, 2024

Location: Taraboi, Odisha, India

Description:

The National Service Scheme (NSS) unit at [Institution Name, if available] commemorated World Vigilance Day with an event held in TITE, Taraboi, Odisha. The photograph depicts a gathering of individuals, presumably NSS volunteers and staff, taking a pledge. This oath-taking ceremony underscores the day's significance in promoting integrity, transparency, and ethical conduct.

World Vigilance Day is observed annually to raise public awareness about the importance of fighting corruption. The NSS's involvement in this event highlights the organization's commitment to fostering responsible citizenship and upholding societal values. By participating in such activities, NSS volunteers contribute to building a more vigilant and corruption-free society.

Yoga for Health and Wellness

The NSS unit of TITE, Khurdha, organized a yoga practice session focused on promoting better health and wellness. The photograph shows a group of young students of TITE, Khurdha demonstrating various yoga postures, showcasing the benefits of yoga in improving physical and mental well-being. This activity aligns with the NSS's broader goal of holistic development and encouraging healthy lifestyles among its volunteers and the community.

Swachh Bharat Abhiyan at TITE, Khurda

The image depicts a Swachh Bharat Abhiyan event at Trident Institute of Technology & Engineering (TITE), Khurda. Participants, including students and faculty, are seen actively participating in a cleanliness drive, holding brooms and cleaning the surroundings. The banner in the background reads "Swachhata Pakhwada 2023," indicating that the event was part of a fortnight-long cleanliness campaign.

This initiative demonstrates the institute's commitment to the Swachh Bharat Abhiyan, a nationwide campaign launched by the Government of India to promote cleanliness, hygiene, and sanitation. By organizing such events, TITE Khurda is not only contributing to the cleanliness of its campus but also instilling a sense of social responsibility among its students and staff.

PLANTATION PROGRAMME

NSS (National Service Scheme) of TITE, Khurdha activity focused on environmental conservation. Several volunteers are actively participating in a tree plantation drive. They are seen carefully planting a sapling in a prepared pit, showcasing their commitment to increasing green cover and promoting ecological awareness. This hands-on activity demonstrates the NSS volunteers' dedication to community service and their role in fostering a sustainable environment. The collaborative effort highlights the spirit of teamwork and the positive impact of NSS initiatives on the local ecosystem.

The National Service Scheme (NSS) unit of TITE, Khurdha organized a special event to celebrate and recognize the exceptional contributions of its volunteers to plantation and afforestation

efforts. The event, named "The Green Army Award," aimed to acknowledge the hard work, dedication, and significant impact of NSS members in promoting environmental sustainability.

The program commenced with an overview of the year's afforestation activities, highlighting the number of trees planted, the areas covered, and the community involvement initiatives undertaken. The NSS volunteers, often referred to as the "Green Army," were lauded for their tireless efforts in nurturing the saplings, organizing awareness campaigns, and inspiring others to join the cause.

The highlight of the event was the presentation of the Green Army Awards. Volunteers were recognized in categories such as "Most Saplings Planted," "Best Community Mobilizer," and "Outstanding Contribution to Afforestation." The awards not only celebrated individual achievements but also underscored the collective success of the NSS unit in making a tangible difference in the region's green cover.

The event served as an inspiration for current and future NSS volunteers, reinforcing the importance of environmental stewardship and motivating them to continue working towards a greener and more sustainable future.

Unnat Bharat Abhiyan

Social Outreach Committee" Members of TITE had visited on during their visit had conducted one Child Rights Awarness programme in that sevashram. A total of 40 students, 6 teachers and 26 village people participated the said programme. The programme began with a prayer by the children. Mrs. Bhanumati, a social activist spoke at a length about the basic rights of every child namely, survival, protection, development and participation. Mr. Prakash Jena, Headmaster of the school explained to the children about legal aspect of the problem. Mrs. Minati Das, the meeting coordinator radically addressed the problems and possibilities such as child marriage, child labour, POSCO act, and children in conflict with law, child line, missing children bureau and

in particular the new enacted law of child labour with real life examples

MEGA BLOOD DONATION CAMP AT TITE, KHURDHA IN ASSOCIATION AMA ODISHA

Templecity Institute of Technology & Engineering (TITE), Khurdha recently hosted a successful mega blood donation camp in collaboration with AMA Odisha and Sambad. The humanitarian initiative saw enthusiastic participation from students, faculty, and community members alike.

The camp was professionally organized with proper medical equipment and trained staff ensuring donor safety. In the image shown, several donors can be seen reclining on collection beds while

medical personnel attend to them. A group of organizers and dignitaries stands in the background before a banner announcing the event.

This collaborative effort highlights TITE's commitment to social responsibility and community service. The partnership with AMA Odisha, a prominent social organization, and Sambad, a leading Odia newspaper, helped maximize the camp's reach and impact.

Blood donation camps like this one play a vital role in addressing critical blood shortages in healthcare facilities across the region. Each donation has the potential to save up to three lives, making these events essential public health initiatives.

The success of this camp demonstrates how educational institutions can effectively partner with community organizations to address pressing healthcare needs while instilling values of compassion and civic responsibility among students.

NSS Activity: Swachhata Hi Seva Campaign

Date: November 29, 2025

Location: Shakuntala Devi Govt. High School, Taraboi, Jatani

Description:

To mobilize the communities for cleanliness, transform neglected areas (Cleanliness Target Units) into cleaner spaces, promote Shramdaan (voluntary community cleaning), ensure sanitation worker welfare through health camps, disseminate awareness about sanitation's importance. TITE NSS Unit is observing “SWA-CHHATA Hi SEVA” program by cleaning and sanitizing the School area of Shakuntala Devi Govt. High School, Taraboi, Jatani by Staff Members and Students of TITE on 29th Nov. 2025.

NSS Activity: Retail and IT/ITeS Subjects of Vocational Courses

Date: December 8, 2025

Location: Panchayat High School, Benapanjari, Jatani Block, Khordha

Description:

The NSS and IQAC Team of TempleCity Institute of Technology and Engineering (TITE), Bhubaneswar, organized an enriching Expert Talk Session at Panchayat High School, Benapanjari, Jatani Block, Khordha, on 8th December 2025. The initiative was undertaken as part of TITE's continued commitment to social outreach, community engagement, and academic enrichment.

The session focused on "Retail and IT/ITeS Subjects of Vocational Courses" and aimed to broaden students' understanding beyond the classroom, helping them connect their studies with real-world applications and future career opportunities.

The event featured Prof. Adit Jena, Director, IIG Varsity, Bhubaneswar, as the resource person. Prof. Jena delivered an engaging, insightful, and interactive talk that greatly benefited the students of Class IX and Class X. He shared practical experiences, industry insights, and emerging trends related to Retail and IT/ITeS. His real-life examples and relatable narratives made the concepts easier for students to grasp and connect with their personal aspirations.

Through this collaborative outreach, the TITE NSS & IQAC team successfully created a meaningful learning experience, inspiring young learners to explore vocational pathways with enhanced clarity, confidence, and motivation.

Mega Blood Donation Camp at TITE Campus

Venue: Conference Hall, TITE
Date & Time: 09 December 2025, 10:00 AM onwards
Organized by: TITE, Taraboi, Khordha
Collaboration: VLE Union Odisha
Sponsored by: HDFC Bank Ltd.

The TITE campus witnessed a remarkable humanitarian initiative with the successful organization of a Mega Blood Donation Camp on 09 December 2025 at the Conference Hall. The event commenced at 10:00 AM and continued throughout the day, attracting a large number of enthusiastic donors from across the institution.

The primary objective of the camp was to promote voluntary blood donation, highlight its life-saving importance, and encourage students and staff to contribute to the broader cause of public health. The initiative also aimed at building a culture of social responsibility and compassion among the youth.
The response to the drive was highly encouraging, with students, faculty members, and non-teaching staff participating wholeheartedly. A total of 53 units of blood were collected, making the event a valuable contribution to healthcare services and emergency needs. The donors were systematically registered, medically screened, and guided through the donation process by trained personnel, ensuring safety and comfort at every stage. This noble initiative was made possible through the active collaboration with VLE Union Odisha, whose support added significant strength to the arrangements and execution. The camp was generously sponsored by HDFC Bank Ltd., whose contribution played a key role in the smooth operation of the event.

The entire programme was conducted under the leadership and guidance of the NSS Unit of TITE. Their continuous encouragement, close supervision, and commitment to social welfare were instrumental in ensuring the success of the camp. The organizing committee, volunteers, and medical professionals worked in excellent coordination to maintain discipline, provide assistance, and create a positive and inspiring atmosphere for donors.
The organizers extend their sincere gratitude to all the donors for their selfless contribution, to the volunteers for their dedicated service, and to the supporting organizations for their valuable partnership. The Mega Blood Donation Camp stands as a testament to TITE's ongoing commitment to community service, health awareness, and societal well-being.

Marathon Report on National Human Rights Day 2025

Marathon Report on National Human Rights Day 2025
Date & Time: 10 December 2025, 10:00 AM onwards
Organized by: TITE, Taraboi, Khordha
Route: Cooperative Bank Chowk, Khordha to Bata Mangala Chhak, Khordha

To commemorate **National Human Rights Day 2025,** TITE successfully organized a Marathon on 10th December 2025 with the theme “Human Rights: Our Everyday Essentials.” The event aimed at fostering awareness on fundamental human rights, strengthening civic responsibility, and promoting physical fitness among the students and staff of the institute.

The marathon commenced from Cooperative Bank Chowk and concluded at Bata Mangala Chhak, Khordha, covering a purposeful route symbolizing unity, equality, and collective participation. Starting at 10:00 AM, the event witnessed an impressive participation of 180 individuals, including 150 students and 30 staff members, all displaying high enthusiasm and a strong commitment to the cause.

The event received wholehearted support from the Local Police Administration, who ensured smooth traffic regulation, route safety, and seamless coordination throughout the run. Technical and sports coordination were effectively managed by the IIG Sports Academy, which handled warm-up sessions, participant tracking, and route management with precision.

The marathon was formally inaugurated by the Chief Guest, IIC Khordha Town, whose motivational address encouraged participants and highlighted the significance of human rights as essential components of everyday life.

The organizing committee of TITE executed the event with meticulous planning and efficiency. Adequate arrangements, including hydration points, first-aid support, volunteers throughout the route, and safety measures, ensured a secure and comfortable experience for all runners.

The marathon concluded with words of appreciation for all participants, acknowledging their active involvement, discipline, and commitment to the theme. The event not only celebrated National Human Rights Day but also instilled deeper awareness about human rights while promoting teamwork, resilience, and physical well-being within the TITE community.

NSS Activity: Report On Mental Health Awareness Through Yoga

Date: 27th December 2025
Location: Taraboi, Khordha
Description:

A Mental Health Awareness Programme through Yoga was successfully conducted by the NSS Wing in collaboration with the IQAC Cell of TempleCity Institute of Technology (TITE), Taraboi, Jatni, Khordha on 27th December 2025 at Gita Bhawan, Khordha.

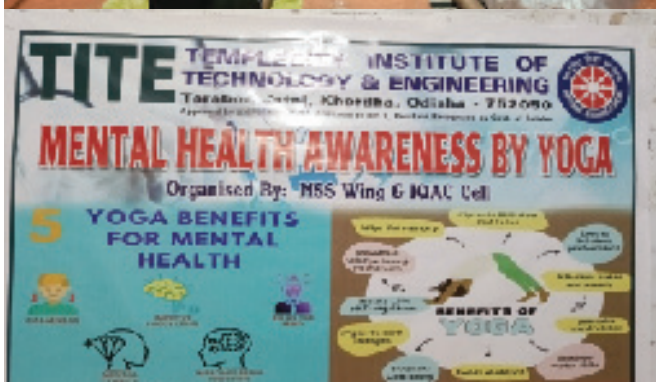
The programme aimed to spread awareness about the importance of mental health and the role of yoga in maintaining emotional balance, reducing stress, and improving overall well-being. The event emphasized healthy lifestyle practices, mindfulness, and positive thinking, especially among students and the general public.

The programme was graced by Er. Sitakanda Panda as the Chief Speaker. In his address, he highlighted the growing mental health challenges in modern life and explained how regular yoga practice, meditation, and disciplined routines can help individuals achieve mental clarity and inner peace. His session was informative, motivating, and well-received by the audience.

The yoga session included simple breathing techniques and basic yoga postures suitable for all age groups. Participants actively took part and showed keen interest throughout the programme.

A total of 45 participants attended the event, including 30 members of the general public, 10 students, and 5 staff members of TempleCity Institute of Technology. The presence and cooperation of NSS volunteers ensured the smooth conduct of the programme.

The programme concluded with a vote of thanks by NSS coordinator, expressing gratitude to the Chief Speaker, organizers, volunteers, and participants for making the event a success. Overall, the programme was highly beneficial and contributed positively towards promoting mental health awareness in the community.



NSS Activity: Jaundice Awareness Programme

Date: 10 January 2026
Location: Gadamanatri, Ramachandi, Khordha
Description:

The National Service Scheme (NSS) Wing, in collaboration with the Internal Quality Assurance Cell (IQAC) of TempleCity Institute of Technology and Engineering (TITE), Taraboi, Khordha, successfully organized an Outreach Programme on Jaundice Awareness on 10 January 2026 at Gadamanatri, Ramachandi, Khordha.

The primary objective of the programme was to create awareness among the local community regarding jaundice, focusing on its causes, symptoms, preventive measures, and the importance of early diagnosis and appropriate medical intervention. The programme also emphasized the significance of safe drinking water, hygienic practices, the elimination of myths associated with jaundice, and the encouragement of timely medical consultation. Additionally, the initiative aimed to inculcate a sense of social responsibility and community service among NSS volunteers.

The programme commenced with an introductory address by the NSS Programme Officer, who highlighted the importance of community-based health awareness and the role of educational institutions in promoting public health. Following the address, NSS volunteers actively engaged with the villagers and disseminated vital information on the following aspects of jaundice:

- Causes of jaundice, including consumption of contaminated water, poor sanitation, and liver-related infections
- Common symptoms, such as yellowing of the eyes and skin, dark-colored urine, fatigue, and loss of appetite
- Preventive measures, including the use of boiled or purified drinking water, maintenance of personal hygiene, and adoption of healthy food habits
- The importance of timely medical check-ups and the risks associated with self-medication

Awareness was created through oral presentations, poster displays, and interactive discussions. The NSS volunteers also addressed queries raised by community members and clarified prevalent misconceptions related to jaundice, thereby fostering informed health practices.

The programme witnessed enthusiastic participation from NSS volunteers, faculty members, and local residents. The villagers demonstrated keen interest and actively participated in the discussions, making the programme highly interactive, engaging, and effective.

The Jaundice Awareness Outreach Programme was conducted successfully and achieved its intended objectives. The initiative made a meaningful contribution to community health education and further strengthened the institution–society relationship. The collaborative efforts of the NSS Wing and IQAC of TITE played a pivotal role in ensuring the programme's success and overall impact.

NSS Activity: HIV & AIDS Awareness Programme

Through Yoga

Date: 31st January 2026

Location: Tirimal Village, Jatani Block

Description:

An HIV & AIDS Awareness Programme was successfully conducted for the young youth ,53 participants of Tirimal Village under Jatani Block, on 31st January 2026. The programme was jointly organized by the NSS Wing and IQAC of TempleCity Institute of Technology & Engineering (TITE), Taraboi, Khordha.

The primary objective of the programme was to create awareness among rural youth about HIV & AIDS, its causes, modes of transmission, prevention methods, and to remove misconceptions related to the disease. Special emphasis was laid on the importance of adopting a stress-free lifestyle and maintaining good physical and mental health.

The programme began with an introductory address highlighting the significance of health awareness among young people. The NSS Convener addressed the gathering and emphasized the need to lead a healthy, disciplined, and stress-free life, encouraging the youth to make informed decisions and follow safe health practices.

Interactive sessions were conducted to actively involve the participants, where questions were encouraged and doubts were clarified. The youth showed keen interest and actively participated throughout the programme, making the session informative and engaging.

The programme witnessed wholehearted cooperation from NSS volunteers, students, and staff members, which contributed to its smooth and successful execution. The collective efforts of the organizing team ensured that the objectives of the programme were effectively achieved. In conclusion, the HIV & AIDS Awareness Programme was highly successful in spreading awareness and motivating the youth of Tirimal Village towards leading a healthy and responsible life.

NSS Activity: Cancer Awareness Programme

Through Yoga

Date: 7th February 2026

Location: Bengitangi, Nuasahi, Khordha

Description:

A Cancer Awareness Programme was successfully organized by the NSS Wing and IQAC of TempleCity Institute of Technology & Engineering (TITE), Taraboi, Jatani, Khordha on 7th February 2026 at Bengitangi, Nuasahi, Khordha. The programme was conducted with the objective of spreading awareness about cancer prevention, early detection, and the importance of leading a healthy, stress-free life. The programme witnessed active participation from Anganwadi workers, members of Self-Help Groups (SHGs), and female participants, with a total of around 54 participants present. The presence of community-level workers made the programme more impactful, as they play a vital role in disseminating health-related information at the grassroots level. Mr. Aditi Jena of IIG Varsity addressed the gathering and delivered an informative session on cancer awareness. The talk emphasized the importance of adopting a healthy lifestyle, regular health check-ups, balanced nutrition, and stress management to reduce the risk of cancer. Special focus was given to mental well-being, highlighting that leading a stress-free life contributes significantly to overall health. Participants were encouraged to remain vigilant about early symptoms and to seek medical advice without hesitation. The session motivated the attendees to spread awareness within their families and communities. The message "Together we can fight against cancer, hope grows where awareness flows" resonated strongly throughout the programme. The programme concluded with an interactive discussion, where participants shared their concerns and gained clarity on various aspects related to cancer prevention and care. The event was successful in creating awareness and fostering a sense of responsibility towards personal and community health.

Report on Nasha Mukta Bharat Abhiyan

TempleCity Institute of Technology & Engineering (TITE), Taraboi, Khordha, organised a “Nasha Mukta Bharat Abhiyan” on 19th August 2026 in collaboration with Brahma Kumaris, Kalinga Nagar Centre, Bhubaneswar. The programme was organised with the objective of creating awareness among students and staff about the harmful effects of addiction and encouraging them to adopt a healthy, disciplined and addiction-free lifestyle. Around 150 students and staff members actively participated in the programme. The event highlighted the importance of using one's knowledge, skills and valuable time constructively for personal development, academic excellence and the future growth of society. Addressing the gathering, Dr. Anadi Charan Sahoo, Director, TITE, and Dr. Subrat Kumar Mohanty, Principal, TITE, emphasized the importance of the campaign. They encouraged the students to stay away from all forms of addiction and to make positive use of their knowledge, skills and time for building a bright and successful future. They also highlighted that young people have an important role to play in creating a healthier and addiction-free society. The awareness programme concluded with an Addiction-Free Pledge. BK Sabita, Centre In-charge, Kalinga Nagar, Bhubaneswar, administered the pledge to all the participants, inspiring them to remain committed to an addiction-free life and to motivate others to follow the same path. As a symbol of love, purity, care and mutual responsibility, BK Sabita tied the sacred Raksha Bandhan threads to each participant. Sweets were also distributed among the participants, adding a spirit of joy and togetherness to the occasion. The programme was successful in spreading an important social message among the students and staff. It reinforced the idea that a healthy mind, disciplined lifestyle and positive use of time and talent are essential for individual as well as national development. “Say No to Addiction, Say Yes to Life, Health and a Brighter Future.” The event concluded with a renewed commitment from all participants to contribute towards building a Nasha Mukta Bharat—an addiction-free India.

On the occasion of Gandhi Jayanti,

the KT Foundation, in collaboration with the Railway Department, Ankura Hospital, and Sai Bhagabati Organisation, successfully organized a Plastic Clean-Up Drive at Bhubaneswar Railway Station. The initiative commenced with an inspiring Cleanliness Pledge administered by Respected Station Director Shri Laxmidhar Das Sir, followed by active on-ground action led by Adit Jena Sir alongside the CSR team. Over 50 student volunteers from TITE seamlessly coordinated by Subrat Kumar Mohanty Sir were joined on-site by several spontaneous local volunteers who stepped forward to lend a hand. Working together across the station premises, everyone united to clear plastic waste and advocate for a cleaner, greener, and single-use-plastic-free tomorrow. Sincere gratitude goes out to all mentors, partners, and every volunteer whose collective dedication brought Mahatma Gandhi's vision of cleanliness to life.

Children's Day Celebration at TITE | 14th November 2026

Templecity Institute of Technology and Engineering (TITE) celebrated Children's Day with warmth, enthusiasm, and joy. The occasion was a beautiful reminder that every young mind carries dreams, creativity, and limitless potential.

The celebration reflected the spirit of happiness, togetherness, and the importance of nurturing young minds with care, encouragement, and opportunities to grow.

At TITE, we believe that education goes beyond classrooms—it is about inspiring individuals, building confidence, and shaping a brighter future.

Celebrating the joy of childhood and the promise of tomorrow!

Successful Completion of Industrial Visit

The Department of MBA, Templecity Institute of Technology & Engineering (TITE), Bhubaneswar, successfully organized an industrial visit to Central Tool Room & Training Centre (CTTC), Bhubaneswar.

The visit was an enriching learning experience for our MBA students, providing valuable practical exposure to industrial operations, advanced technology, production processes, and skill development.

We sincerely thank the CTTC management and team for their valuable guidance, cooperation, and hospitality.

Congratulations to all participating students and faculty members for making this industrial visit a successful and memorable learning experience.

Learning Beyond the Classroom

Regards,

Department of MBA

TITE, Bhubaneswar

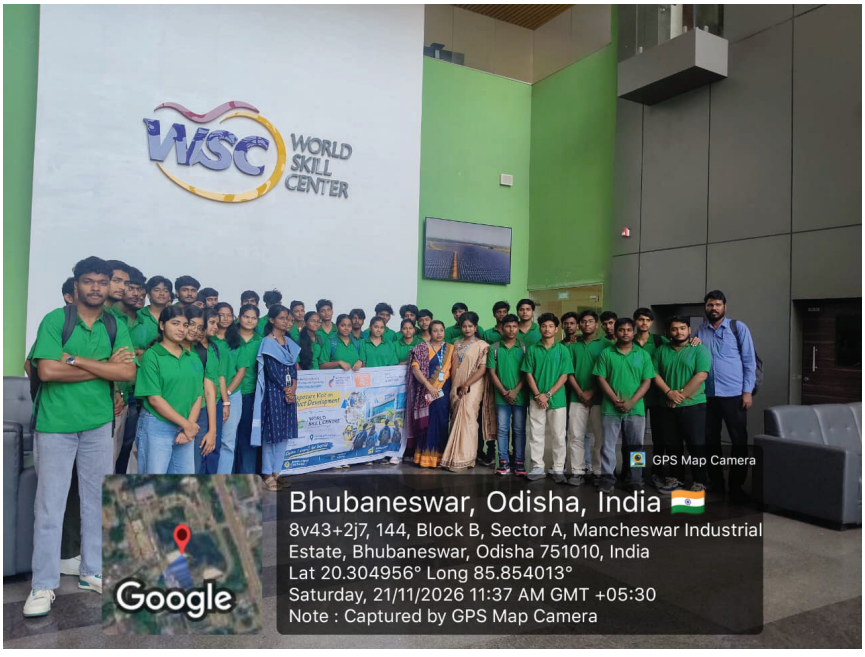
INDUSTRIAL / EDUCATIONAL VISIT – WORLD SKILL CENTRE

An enriching educational visit was organised for all First-Year computer science Engineering (CSE) and Artificial Intelligence & Machine Learning (AI&ML) students to the World Skill Centre on 21st November 2026.

A total of 43 students accompanied by 4 faculty members participated in this visit.

The visit provided students with an excellent opportunity to gain practical exposure, explore modern technologies, understand industry-oriented skills, and enhance their knowledge beyond classroom learning.

Learning Beyond Classrooms!
Exploring Skills, Technology & Innovation!
A wonderful learning experience for our students!



REPORT ON INDUSTRIAL VISIT TO CENTRAL TOOL ROOM & TRAINING CENTRE (CTTC), BHUBANESWAR

The Department of Mechanical Engineering of TempleCity Institute of Technology & Engineering (TITE), Taraboi, Jatani, organised an industrial visit to the Central Tool Room & Training Centre (CTTC), Bhubaneswar, on 16th November 2026. The visit was organised with the objective of providing students with practical exposure to advanced manufacturing technologies, modern industrial processes and contemporary engineering practices. The initiative aimed to bridge the gap between theoretical classroom learning and its practical applications in the manufacturing industry. It also provided an opportunity for students to understand the latest technological developments in mechanical engineering and their relevance to industrial production. During the visit, students had the opportunity to gain valuable exposure to the technical facilities and manufacturing activities at CTTC. The centre provided insights into advanced manufacturing equipment, precision engineering, tool and die making, CNC machining and other modern industrial technologies. The technical experts and professionals explained the working principles, operational procedures and industrial applications of various machines and manufacturing techniques. Students were acquainted with the importance of precision, dimensional accuracy, productivity, quality assurance and technological innovation in modern manufacturing industries. The interaction with technical professionals also helped students understand the practical challenges faced by industries and the importance of technical skills, problem-solving abilities and continuous learning in professional engineering careers. The industrial visit was an enriching learning experience for the students. The major learning outcomes included:

- Enhanced awareness of advanced manufacturing technologies and industrial processes.
- Better understanding of the practical applications of mechanical engineering concepts.
- Familiarity with CNC machining, precision engineering and tool-making technologies.
- Improved understanding of industrial quality standards, safety measures and maintenance practices.
- Greater awareness of career opportunities in manufacturing and allied engineering sectors.
- Motivation towards innovation, research, technical skill development and industry-oriented learning.

The visit highlighted the importance of collaboration between technical institutions and industries in developing competent engineering professionals. Such interactions provide students with valuable insights into industrial expectations, technological advancements and practical workplace requirements. The exposure to CTTC's technical environment helped reinforce the significance of experiential learning and the integration of academic knowledge with industrial applications. The industrial visit was an important academic initiative aimed at enhancing students' technical knowledge and practical understanding. The programme reflected the institute's commitment to experiential learning, technical excellence and industry-oriented education. It also reinforced the belief that industrial exposure plays a vital role in preparing future engineers to meet the challenges of rapidly evolving manufacturing technologies. The visit was a valuable learning opportunity that encouraged students to develop technical competence, professional awareness and a practical approach towards engineering education.

Nukkad Natak- Swastha Bharat – Combating Antimicrobial Resistance (AMR)

Theme: Empowering Pharmacists for Healthier Futures
Sub-theme: Swastha Bharat – Combating Antimicrobial Resistance (AMR)
Date: 14th November 2026

A Nukkad Natak was organised on 14th November 2026 under the theme “Empowering Pharmacists for Healthier Futures” with the sub-theme “Swastha Bharat – Combating Antimicrobial Resistance (AMR).” The programme aimed to create awareness among students and the general public about the growing threat of antimicrobial resistance and the importance of the rational use of antibiotics.

Through an engaging and informative street play, students highlighted the major causes of AMR, including the unnecessary use of antibiotics, self-medication, incomplete antibiotic courses and improper use of antimicrobial medicines. The performance also emphasised the importance of consulting qualified healthcare professionals before taking antibiotics and following the prescribed dosage and duration of treatment.

The Nukkad Natak highlighted the significant role of pharmacists in promoting responsible medication practices, educating patients and preventing the misuse of antibiotics. It conveyed the message that pharmacists are important healthcare professionals who contribute towards building a healthier society.

The programme concluded with a strong message that the responsible use of antibiotics today is essential to protect the health of future generations. The activity was an effective medium of public awareness, student participation and social responsibility, supporting the vision of a healthy and empowered India – Swastha Bharat.

REPORT ON PARENT-TEACHER MEETING

A Parent-Teacher Meeting was successfully organized on 14th November 2026 at the TITE Conference Hall with the objective of strengthening the relationship between parents and the institution and discussing various measures for the overall academic and personal development of students. The meeting commenced with a warm welcome address by Dr. Anadi Charan Sahoo, Director, TITE, who welcomed all the parents and highlighted the importance of active participation and cooperation between parents and the institution in ensuring students' academic success and holistic development. This was followed by a brief interaction with Dr. Subrat Kumar Mohanty, Principal, who discussed important academic matters and emphasized the need for continuous improvement in teaching-learning activities, student performance, discipline, and overall institutional development. Subsequently, detailed discussions were held with the Heads of all Departments (HODs) regarding various aspects of academic activities, teaching methodologies, student engagement, academic performance, and other initiatives for improving the quality of education. The parents actively participated in the discussions and shared valuable suggestions, observations, and feedback concerning the academic progress, discipline, career development, and overall growth of their wards. A detailed presentation on the academic activities, departmental performance, institutional initiatives, and student development measures was also delivered by the Dean of Engineering, providing parents with a comprehensive overview of the institution's academic progress and ongoing activities. The suggestions and feedback received from the parents were carefully considered by the Director, Principal, and all the Departmental Heads. They assured the parents that the genuine suggestions and recommendations would be given due consideration and implemented wherever feasible to enhance academic quality, improve student performance, and create better opportunities for students' future achievements. The meeting served as an effective platform for open communication, constructive interaction, and mutual understanding between parents and the institution. It reinforced the institution's commitment to providing quality education and ensuring the holistic development of every student through the active involvement of parents, faculty members, and institutional leadership. The meeting concluded on a positive note with a shared commitment to working together towards the academic excellence, personal growth, and future achievements of the students. Overall, the Parent-Teacher Meeting was highly productive and interactive, contributing significantly to strengthening the partnership between parents and the institution for the betterment of the students.

Poster Presentation on Antimicrobial Resistance.National Pharmacy Week / World Pharmacy Day 2026

Date: 14th November 2026
Theme: “Empowering Pharmacists for Healthier Futures”
Sub-theme: “Swasth Bharat – Combating Antimicrobial Resistance (AMR)”

KT School of Pharmacy organized a poster presentation on 14th November 2026 to observe National Pharmacy Week / World Pharmacy Day 2026, focusing on the theme “Empowering Pharmacists for Healthier Futures” and the sub-theme “Swasth Bharat – Combating Antimicrobial Resistance (AMR).”
The programme was conducted in the esteemed presence of the Director Sir and the Principals of all wings. The poster presentation aimed to create awareness among students and faculty members about the responsible use of antibiotics and other medications and the growing concern of antimicrobial resistance (AMR).
The event highlighted the important role of pharmacists in promoting public health by educating people about the harmful effects of antibiotic misuse, unnecessary consumption of medicines, and self-medication. Emphasis was laid on avoiding the unnecessary use of antibiotics, taking medicines only as prescribed by qualified healthcare professionals, following the correct dosage and duration, and never stopping or altering medication without proper medical advice.
The Director Sir and the Principals of all wings encouraged everyone to spread awareness about the rational use of medicines and contribute towards building a healthier society. The presentation also reinforced the message that responsible medication practices and public awareness are essential to combating antimicrobial resistance.
The programme concluded with a strong message that medicines should be used wisely, antibiotics should never be misused, and proper medication practices are essential for a healthier future and a Swasth Bharat.

REPORT ON EXPERT TALK

"BOOKS TO BOARDROOM: IS EARLY ENTREPRENEURSHIP A BETTER CHOICE THAN THE TRADITIONAL CAREER SURVIVAL GAME?"

The Institution's Innovation Council (IIC) of TempleCity Institute of Technology and Engineering (TITE), Taraboi, Jatani, Khordha Odisha, organized an Expert Talk on the theme "Books to Boardroom: Is Early Entrepreneurship a Better Choice Than the Traditional Career Survival Game?" on 12th November 2026 to commemorate National Entrepreneurship Day. The programme aimed to inspire students to explore entrepreneurship, innovation and startup opportunities as alternative career pathways and to develop an entrepreneurial mindset during their academic journey. The programme commenced with a welcome address by Dr. Anadi Charan Sahoo, Director, TITE, and Dr. Subrata Kumar Mohanty, Principal, TITE. They welcomed the distinguished resource person and highlighted the importance of entrepreneurship, innovation and skill development in shaping students into future leaders and job creators. The expert talk was delivered by Mr. Deepak Kumar Nath, Founder and CEO of Threatsys Technologies Pvt. Ltd. He shared his professional experiences and valuable insights into the entrepreneurial journey, startup development and the challenges and opportunities associated with establishing a business venture.

The session focused on the importance of thinking beyond traditional career paths and exploring entrepreneurship as a promising career option. The resource person discussed how students can identify real-world problems, develop innovative solutions and transform their ideas into successful business ventures. He emphasized that student life is an ideal stage to cultivate creativity, leadership, confidence, problem-solving abilities and entrepreneurial skills.

- Rethinking Career Choices: Exploring entrepreneurship alongside conventional career opportunities.
- Turning Ideas into Startups: Understanding how innovative ideas can be converted into practical business ventures.
- Opportunities, Risks and Realities: Understanding the challenges, opportunities and risks involved in early entrepreneurship.
- Lessons from an Entrepreneur's Journey: Learning about the dedication, perseverance and strategic thinking required to establish and sustain a successful enterprise.

The speaker motivated students to develop an entrepreneurial mindset, take calculated risks and explore opportunities to become job creators rather than merely job seekers.

The expert talk provided valuable insights into the entrepreneurial ecosystem and motivated students to:

- Develop an entrepreneurial mindset from an early stage.
- Identify real-world problems and develop innovative solutions.
- Explore startup opportunities and business ideas.
- Enhance leadership, confidence and decision-making skills.
- Understand the importance of perseverance, creativity and continuous learning.

The programme concluded with a formal vote of thanks delivered by Prof. Saswati Das, Department of MBA. She expressed her sincere gratitude to the resource person, the Director, the Principal, the faculty members, the organizers and all the participants for their valuable contributions and active involvement in making the programme successful. The Expert Talk on "Books to Boardroom" was an enriching and motivational learning experience for the students. It successfully highlighted the importance of innovation, entrepreneurship and self-reliance in today's competitive world.

The session encouraged students to think beyond conventional career options, identify opportunities, take initiative and transform innovative ideas into successful ventures. The programme reinforced the message that education should not only prepare students for employment but also empower them to become future entrepreneurs and job creators.

A Proud Moment for TITE

It is a matter of immense pride for the entire TempleCity Institute of Technology & Engineering (TITE) that Mr. Sanu Jena, a 1st Year B.Tech (CSE & AI & ML) student, secured the Second Position in the 100 Metre Race at the BPUT Tech Carnival 2026.

Competing against more than 200 participants from over 150 Engineering Colleges affiliated with Biju Patnaik University of Technology (BPUT), Mr. Jena's outstanding performance reflects his dedication, perseverance, and sporting excellence. His remarkable achievement has brought great honor to the institution and serves as an inspiration to all students.

The Management, Director, Principal, Faculty Members, and Staff of TITE extend their heartfelt congratulations to Mr. Sanu Jena and wish him continued success in all his future endeavors

.
